Travis is using OK; FLORAS OF NA PROJECT – FLORAS EXPLORER

- Looking for journal article county floras – looking for cited herbaria
- He is doing this across US
- Travis knows this is going to be missing data
- Limiting to peer reviewed manuscripts – limits

Joey Shaw – National Heritage Program

- Has monster list of listed species and associated herbaria – he is busy detangling this picture

Stinger – Big picture – people want to know impacts!

- If not in GBIF – not on radar
- iDigBio is looking to make DarwinCore Archive to serve to GBIF (note from G. Nelson)

Elizabeth Martin and Stinger presented on BISON and ITIS
